Beauty

8th May 2018

Dear Customer,

Re: freeze^{frame}® brand new packaging - same amazing products, with a great new look

freeze^{frame}® is having a face lift! A new tube design will be introduced across the entire range, starting with our top-selling products, freeze^{frame}® Revitaleyes and freeze^{frame}® Instant V-Lift, this month. It will be a soft relaunch for retail and the outer box will remain the same.

Rest assured that they are the same amazing products with a great new look. Please see images and description of the changes below.

Same Amazing Products with a
Brand New Look

Images of the front and back of the tube:

There will be a changeover period where both the old and new tube packaging are in market. However, if you buy product that does not look like either of the tubes pictured above, or you have any concerns about a product, please contact our Customer Service department by email: web@freeze-frame.com.au

Self Care Corporation encourages customers to always purchase its products from an authorised freeze^{frame}® stockist to ensure authenticity and quality.

Kind regards,

Sonia Amoroso

CEO, Self Care Corporation
